The Details:

The information in this quote is intended for informational purposes only and does not constitute a binding contract until duly executed by the parties or incorporated into the definitive master subscription agreement.

Discounts in the pricing schedule herein are based on the number of Authorized Users in a corresponding tier, and not the total number of Authorized Users in effect at the time of an applicable order. Any price decreases will have no effect on previously purchased Authorized Users subscriptions. If a single additional order raises the number of Authorized Users above a certain threshold, only those Authorized Users subscriptions exceeding the threshold are entitled to the reduced pricing.
